11. Playing system

Each singles and doubles event shall be played in 2 stages.

In the first stage there will be qualifying groups of 3 or 4 players or pairs, depending of the number of entries. If there are 5 players or pairs in an event, the event will be played in one group of 5 players or pairs.

In a group 2 match points shall be awarded for a win, 1 for a loss in a played match and 0 for a loss in a not played or unfinished match, and the ranking order shall be determined primarily by the numbers of match points gained.

If 2 or more participants have gained the same number of match points, their relative positions shall be determined by the results only of matches between them, taking successively the numbers of match points and the ratios of wins to losses in games and then in points, as far as it is necessary to determine the order.

If after any step the positions of one or more participants have been determined while others are still equal, the results of matches in which those participants took part shall be excluded from any further calculations needed to resolve the equalities in accordance with the procedure of E.10.3 and E.10.4.

If 2 or more participants have gained the same number of match points and have the same ratios of wins to losses in games and points, their relative positions shall be decided by lot.

In the second stage, players or pairs having finished first or second in their group, will qualify for the European Veterans title events. Players or pairs having finished third or fourth in their group, will be entitled to play in the corresponding consolation events. Both competitions shall be played on a knock-out basis. If the number of players or pairs in an event is 5 or less, a second stage will not be played and the winner of the group will be the European Champion in this event.

Players or pairs having finished in position 2 of their initial group will be drawn in opposite half to the players having finished in position 1 of the same group; in the same way players or pairs having finished in position 4 will be drawn in the opposite half to players or pairs having finished in position 3 of the same group.

All matches shall be determined by the best of 5 games.

Each player is entitled to a 5 minutes rest between 2 matches.

12. Draw

The draw for the Stage 1 in Singles will take place approximately 14 days before the beginning of the Championships.

The draw for the Stage 1 in Doubles will take place on the 16.06.2024.
